#### **INTRODUCTION & WARRANTY**

Thank you for selecting and buying V-TAC product. V-TAC will serve you the best. Please read these instructions carefully before starting the installing and keep this manual handy for future reference. If you have any another query, please contact our dealer or local vendor from whom you have purchased the product. They are trained and ready to serve you at the best. The warranty is valid for 2 years from the date of purchase. The warranty does not apply to damage caused by incorrect installation or abnormal wear and tear. The company gives no warranty against damage to any surface due to incorrect removal and installation of the product. The products are suitable for 10-12 Hours Daily operation. Usage of product for 24 Hours a day would void the warranty. This product is warranted for manufacturing defects only.

#### WARNING!

- 1. Please turn off power and read this instruction before starting the installation.
- 2. Please turn power off before changing the bulb and cleaning the fixture.
- 3. Install only by certified Electrician.

This marking indicates that this product should not be disposed of with other household wastes.

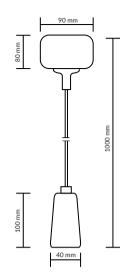

Caution, risk of electric shock.

#### **PRODUCT OVERVIEW:**

This Silicone series Pendant is a holder which accomodates LED bulbs with E27 base. It is an elegant holder which comes in many vibrant colors, and adds an aesthetic charm to the area in which it is installed. As with any light source, direct looking should be avoided, once the bulb is fitted, and power is turned on. LED bulbs are 100% efficient, and brighter than any old fixtures.

This product can be used in hotels, offices, factories, conference rooms, meeting rooms, commercial complexes, residential buildings, schools, colleges, universities, hospitals, etc.

### **INSTALLATION DIAGRAM:**

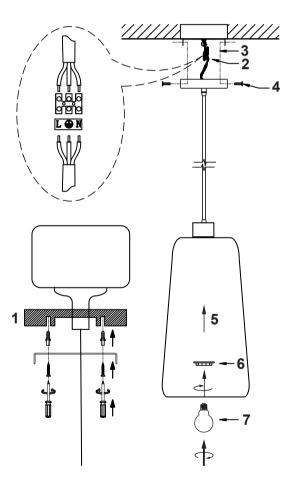

- 1. Use screws to fix mounting bar to the junction box.
- 2. Make the wire connections with connectors. Connect the live wire (L) from fitting to the live wire from main power supply.

Connect the neutral wire (N) from fitting to the neutral wire from main power supply.

Connect the earth wire from fitting to the earth wire from main power supply.

Please pay close attention to avoiding the wires exposing outside when wiring connections

- 3. Use screws to fix canopy to mounting bar.
- 4. Use socket ring to fix shade to the socket.
- 5. Install the bulb (not included) at recommended wattage to the socket.
- 6. Check if the installation is completed and turn on the power.

## **NOTE:**

Having issued the warnings V-TAC accepts NO responsibility for issues arising from any failure to comply with these clear instructions. V-TAC will not accept responsibility for any other issues arising from improper use or fitting of this product, as these matters are beyond our control.
